

WHALE CHART

BY
M. F. MAURY A. M. LIEUT. U. S. NAVY.
(Preliminary sketch)

SERIES F

(constructed by)

LIEUT. LEIGH HERNDON & FLEMING
& P. M. JACKSON.

Published at the National Observatory by Authority of
COMMO L. WARRINGTON
Chief of Bureau of Ordnance & Hydrography
1851.

Explanation.

— Sperm Whales	Two Whales of the same	The best fishing	w for Winter
— Right Whales	spots in a square	season in each	v for Spring
— Straggling Sperm	denote that square	square divided	s for Summer
— Right	is much frequented	by the letters	a for Autumn
	by that species.		all for all months

Unexplored by Whalers.

It is supposed that the Right Whales resort to these grounds in considerable numbers and that good fishing may be had in these latitudes during winter (w) i.e. the Southern Summer.
